DETAILED ACTION

Allowable Subject Matter

Claims **1** and **6** are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 and 6 are allowed because the prior art does not teach or fairly suggest a device for extraction of samples that comprises a probe consisting of a capsule of porous porcelain fitted with an end zone of a smaller diameter to which a tube of inert material is attached. The probe further comprises an end which is sealed hermetically with a rubber cap adaptable for connection to a vacuum pump, wherein a capillary is placeable into the probes interior.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
